Miami, FL – United World Leaders (the “Institution”) proudly announces the addition of Macky Sall, former President of Senegal, to its distinguished membership as an Honorary [Board](#) member.

President Macky Sall is widely recognized for his strong commitment to democratic governance and economic development. His extensive experience and network of global relationships bring new opportunities to the Institution's Members and strategic partners. This important addition further amplifies the Institution's efforts, reach, and the resulting impact of its Members around the world.

President Macky Sall led the realization of the Plan Sénégal Émergent, driving large-scale infrastructure and energy reforms that reshaped Senegal's development trajectory. Under his leadership, the country's installed electricity capacity more than tripled — from around 500 MW to roughly 1,900 MW — and the rural electrification rate rose from about 27 % to nearly 63 %, significantly broadening access to power nationwide. During the same period, he oversaw the construction of critical infrastructure including new highways, expansion of road networks, and the rollout of mass-transit and transport links such as the Train Express Régional connecting the capital to emerging industrial zones. A centerpiece of his industrialization push was the establishment of the Diamniadio Industrial Park, outside Dakar, which now

hosts manufacturing, technology and export-oriented enterprises as part of efforts to diversify Senegal's economy beyond traditional sectors.

United World Leaders represents the next generation of a United-Nations-type institution — one focused on implementing, accelerating, and amplifying the initiatives and resulting impact of its Member organizations, ministries, and states, with the shared purpose of preventing wars and elevating the socioeconomic well-being of humanity across the world.

United World Leaders is also designed to serve as a premier platform for international treaties, diplomatic, business as well as other bilateral and multilateral engagements, enabling Members and nations to advance aligned priorities with credibility and support.

Today, United World Leaders stands as one of the world's most influential assemblies of current and former heads of state, ministers, senior government dignitaries, royalty, multinational business leaders, global family offices, investment funds, humanitarian institutions, academic partners, and true world changers. Through this global ecosystem, our Members gain access to extraordinary support, international exposure, strategic partnerships, capital, new markets, and direct engagement with institutions and governments across continents.
